It's a shotgun baby,
I think I'll use it tonight.
It's a shutdown baby,
I've got you in my sights.
It's just a shadow baby,
It can't come to life.
But it's the shadows baby,
They're quickest with a knife.

(CHORUS)

If I was a robot would you
Love me anymore?
If I wore a mask,
Would you know?
If I was a robot would you
Love me anymore?
If I wore a mask...

It's a contract baby,
We're gonna make you sign.
It's your choice now maybe,
But you can die tonight.
It's a whisper baby,
For when your ears are blind.
It's a scream baby,
We don't want your kind.

(CHORUS)
