It's like a weapon how you cut me down to size  
Try not to smile when you throw everything on my front  
lawn  
So much for self reception

Tell me one thing baby, do you see your shadow  
Walking beside you  
With the palm trees high above your head?

You stand so tall with the weight of the world on your  
shoulders.  
Don't let them break you. I'll never let them break  
through.  
I'll never tell them that  
You stand so tall with the weight of the world on your  
shoulders.  
Spaced out thinking why I try so hard to fit these circles  
into squares.

Don't let success go to your head  
Like that drink that made you sink  
Into this hole you call yourself  
And when the tables turn

Tell me one thing baby, do you see your shadow  
Walking beside you  
With the palm trees high above your head?

You stand so tall with the weight of the world on your  
shoulders.  
Don't let them break you. I'll never let them break  
through.  
I'll never tell them that  
You stand so tall with the weight of the world on your  
shoulders.  
Spaced out thinking why I try so hard to fit these circles  
into squares.

Write me off a short list of the trophy boys  
Whose past must have set you off on  
Honey what's the word on the street  
You've got me somewhat open

I'm willing and hoping you know  
Write me off a short list of the trophy boys  
Just spill your secrets to me.

You stand so tall with the weight of the world on your  
shoulders.  
Don't let them break you. I'll never let them break  
through.  
I'll never tell them that  
You stand so tall with the weight of the world on your  
shoulders.  
Spaced out thinking why I try so hard to fit these circles  
into squares.

You stand so tall  
Don't let them break you  
The only one you can trust  
Don't spill your secrets to me.
