(GUITAR & BASS INTRO)

With a sky blue

And a cold ground

And a windmill stalled in mid-air

We head across Kansas

On our way home

Colorado, thank you, goodbye
Kansas, you fooler,

You're makin' me smile

'cause I've never seen you this way before

You sure do look better

When it's this way we're headed

Home sure will feel good to me
But I'm lookin' farther to the girl at my door

With a smile I'm waitin' to see

She makes me feel better

The instant I'm there

I forget about all of my cares

I forget that I'm even there

Ahhha, ahaha, ahaha, ahaha
Ahhha, ahaha, ahaha, ahaha

(GUITAR SOLO)

The road's OK,

If you like to play

Your music can let you have a good time

I like to stay home

And take time to grow

So it all can make a pleasant cycle

(GUITAR SOLO)

(oooh, oooh, oooh, oooh)
