Standing on the corner of live and learn

I want to go home, but my bridge is burned

At the point of no return

Standing on the corner of live and learn

Standing on the corner of live and learn
Sun's coming up, rain's coming down

On a one-way street in a one horse town

I got a one-way ticket to the open road

I got all day to get there and nowhere to go
Standing on the corner of live and learn

I want to go home, but my bridge is burned

At the point of no return

Standing on the corner of live and learn

Standing on the corner of live and learn
Was it something that I did or something I said

It got out of hand and I lost my head

Then I upped and left, now I don't feel right

I wish I could remember what I did last night
Standing on the corner of live and learn

I want to go home, but my bridge is burned

At the point of no return

Standing on the corner of live and learn

Standing on the corner of live and learn
(HARP SOLO)

I got a little bit of money, but it won't go far

I already miss you wherever you are

Staring up at the light, flashing red

You learn your lesson when you make your bed
Standing on the corner of live and learn

I want to go home, but my bridge is burned

At the point of no return

Standing on the corner of live and learn

Standing on the corner of live and learn

Standing on the corner of live and learn

Standing on the corner of live and learn
(HARP SOLO)
