Don't feel ashamed  
Don't feel a doubt  
I wanna know your name  
I wanna know what you're all about

Cause when I look into your eyes  
There's something there  
And all my friends are here  
But I don't care

I wanna go all the way  
I wanna go all the way

You I wanna go out  
But I wanna stay in  
I got a battle with wine  
You got a battle with medicine

Cause when I look into your eyes  
There's something there  
And all my friends are here  
But I don't care

I wanna go all the way  
I wanna go all the way

And everyone is telling me  
You're all wrong  
That I should stay away and that you  
Just don't belong  
But I don't hear a word they say  
When you come 'round  
And we go down

I wanna go all the way  
I wanna go all the way

I wanna go all the way... with you  
I wanna go all the way... with you  
I wanna go all the way... with you
