What can I say  
Baby  
What can I do  
I tried and failed just to fit in  
I greased the wheels  
That only  
Drove away  
Always ends up the same

I don't have much left to lose  
Flow and crumble  
Breathe and burning through

Send your bullets in  
Draw your blades  
Spit my words right back in my face  
If I must die  
Just to be remade  
So long  
So long!

I don't have much left to lose  
Flow and crumble  
Breathe and burning through  
For you...

Just you wait  
Just you wait, I'm coming  
Just you wait  
Just you wait  
Can I get a witness?

(I will)  
Never tell another lie

No  
I don't have much left to lose  
Flow and crumble  
Breathe and burning through

If I can't make you stay  
I'll never find the way

Can you feel  
What I feel?  
These hard times  
Will shine from far away
