Time, and answers for peoples cries. And I loved the way that you say my name. But Im chasing the path with nothing but the pieces left of you're ghost to find you. Are You Happy Baby? These days, I should have known, are the Stories Of Our Lives. Someday Maybe Well Meet Again. Someday Maybe Well Meet Again. Time, the waitings the hardest part. And knowing when you're alone again. Just give me the chance to begin. The pieces left of you're heart should come home. Even Though You Hate It. These days, I should have known, are the Stories Of Our Lives. Someday Maybe Well Meet Again. Someday Maybe Well Meet Again. Memories of you keep me in two. So thanks for nothing, see you around. I loved the way you say my name. Complicated now as it has always been. The pieces left of you're ghost should come home. Are You Happy Baby? These days, I should have known, are the Stories Of Our Lives. Someday Maybe Well Meet Again. Someday Maybe Well meet Again, but Thanks for the Good
