I wake up knowin' trouble is always in sight
And I'm nowhere
nothing will ever work out right
But there is something in my darkness
That sheds through light

It's your love (It's your love) (x4)
Never leave me without your love

That man is waiting to see that all my work is done
With what he's payin', it seems a lot
Lord, he ain't payin' me none
But there is something in my darkness
That puts me right on top

It's your love (It's your love) (x4)
Never leave me without your love
Oh yeah yeah

Anything you say
Darling, I will do
Darling I will do

Said it makes no difference to me

So go on and talk your talk honey
I'm listening
And I need to hear the truth
Yeah

(Your precious love)
said I need it in the mornin' time
(Your precious love)
I need it in the evenin' time
(Your precious love)
I need it to make me feel everything is alright
(Your precious love)

I'm talkin' bout
(Your precious love)
Makes me feel good inside
(Your precious love)

I need your love
(Your precious love)
I said I need your love
(Your precious love)
