No music plays
No candle burns
No shadows dance across your face
You took the moon, and when you left
You stole the stars right out of this place
What do I do now
Now that it's just me?

No kiss from your lips
No fire from your touch
Oh, my body burns from missing you
Missing you so much
And now, I'm down on my knees
Praying that I'm not left here dreaming of
All of this unmade love
(all of this unmade love)

You held my heart so tenderly
How could you let our love slip away?
What can I do
To bring you back?
So I can feel you
Hold me the way you used to
Whisper my name
Trembling in your arms

No kiss from your lips
No fire from your touch
Oh, my body burns from missing you
Missing you so much
And now, I'm down on my knees
Praying that I'm not left here dreaming of
All of this unmade -

I can still feel you
Don't go running, baby
Oh, I love you, baby
Don't leave me to this way
Don't leave me lonely, baby
Don't leave me, no

No kiss from your lips
No fire from your touch
Oh, my body burns from missing you
Missing you so much
And now, I'm down on my knees
Praying that I'm not left here dreaming of
All of this unmade -

All of this unmade love
All of this unmade love
Praying that I'm not left here dreaming of
Unmade love (Unmade love)
Unmade love (Unmade love)
All of this unmade love
