"Heartburn"

Is this heartbreak or is this heartburn?
Have I been played or do I need a rolaid?
Gotta learn the difference when I love ya
The difference when I love ya and the symptoms of
ebola

Is this heartbreak or is this heartburn?
Can I be spared from being so dramatic?
Gotta learn the difference when I love ya
The difference when I love ya and that derailed

Rollercoaster

Gonna rain down on my sunny Sunday shoes
Guess best I get some galoshes

Let me tell you that this song's useful
Yes this song's useful when you're really drunk
And you gotta learn the difference when I love ya
The difference when I love ya and whatever.
