I'd thought you'd gone
Packed all your bags
You are bleeding my heart
Tearing me down

How could you be so cold
That we are over
You're leaving our home
Why can't we cope

I don't recall
How we got here
It's a pain that we fight
Time is a tyrant

It blinded my eyes
We drifted so far to opposite sides
But I can't accept it

Love makes a woman stay
Love makes a man to remain
Love is the strongest flame

I think you know
We are not chance
We are words on the sea
Floating to shore

And the bottle, that's me
You are the essence
Your song's on my page
And I need your message

Love makes a woman stay
Love makes a man to remain
Love is the strongest flame

It's hard not to take us for granted
And I made the mistake of not waterin our garden
But I need you to know and believe it
That our dreams are align with the stars, just trust it

Love makes a woman stay
Love makes a man to remain
Love is the strongest flame

Love makes a woman stay
Love makes a man to remain
Love is the strongest flame

Come back to me
Reach in and then step
Let's start with the hurt
You can be free
I am the man on the moon
Gravity's pulling me closer to you
Our loves of the world go...
