I need to know  
You're there  
I need to know  
You care

All we had got strangely lost  
But then you took a kiss from my lips again  
We should stop  
But we're heathens

I said "chill"  
But souls too close can't escape  
The sin of takin' what don't belong  
To them  
They need healin'

What if  
We start over  
Right now  
Come back together and break down  
Emotions crying  
Ooh child  
I'm yours now

I don't know how  
You stop a wreck in the streets  
They move too fast  
And the driver's asleep  
I just wish  
We could find peace

We always hit first base  
And then we regret  
That we don't know each other yet  
Then we say  
That we're leaving

What if  
We start over  
Right now  
Come back together  
And break down

Emotions crying  
Ooh child, I'm yours now

What if  
We start over  
Right now  
Come back together  
And break down  
Emotions crying  
Ooh child, I'm yours now

I need to know  
You're there  
I need to know  
You care  
I need to know  
You're there

What if  
We start over  
Right now  
Come back together  
And break down  
Emotions crying  
Ooh child, I'm yours now

What if  
We start  
Over  
Right now

What if  
We start  
Over  
Right now

Now
