It's gotta feel right, feel right, every time you want
And there's no point in letting yourself down
When your backs against the wall
I left you all that room to fall away
In whatever place you want
Wait here, no you don't
Because

You don't owe me anything at all
Don't owe me anything at all
And I said where'd you go, where'd you go,
where'd you go
You don't owe me anything at all and I said

Release your hand from mine
Show the strength you always swore you had
If you insist on taking more
I won't stop, I won't stop you at all
Take whatever place you want
Wait here, no you don't
Because

You don't owe me anything at all
Don't owe me anything at all
And I said where'd you go, where'd you go,
where'd you go
You don't owe me anything at all and I said
