There's a place out Hollywood way
Where the crowd goes to play
They jump and shout and have a ball
And let me tell you that aint all
They do the CC Cinnamon Cinder... CC Cinnamon
Cinder
CC Cinnamon Cinder... it's a very nice dance.
You can do any step you choose
It's a dance of rhythm and blues
Just shake your shoulder and shuffle your feet
And keep in time to that low down beat
And do the CC Cinnamon Cinder... CC Cinnamon Cinder
CC Cinnamon Cinder... it's a very nice dance.
You can dance right out of this world
So hey boy get a girl
And hey girl get a boy
And come on down to that land of joy.
And do the CC Cinnamon Cinder... CC Cinnamon Cinder
CC Cinnamon Cinder... it's a very nice dance.
