I used to live in a hurry  
Addicted to worry  
Thinking my destiny was in my hands  
No matter how hard I tried I was never satisfied  
With my lot in life  
Now I got a new plan

I'm gonna live from day to day  
Stop worrying and wishing my life away  
Nothing wrong with holding on to these dreams of  
mine  
It'll happen in God's time  
All in God's time

How happy will I be  
No more trying to find me  
Gonna be such a sweet relief to be closing that door  
If I kindle that fire inside  
But not let it burn too bright  
Then I'll be cooking when the timing's right and not a  
second before

It's not like I've gotta win some race  
Force every piece of the puzzle into place  
But I can keep holding on to these dreams of mine  
It'll happen in God's time  
All in God's time  
It'll happen in God's time  
All in God's time
