Goodbye house, It's time to leave you  
And I'm sure feeling low  
I know your only pine and stone  
But the time has come, So goodbye home

Goodbye house, I'm gonna miss you  
Memories over-flow  
It's like you just took on a life of your own  
Never thought I'd say Oh goodbye home

CHORUS:

Your walls have sheltered us, over the years  
As we've lived and played and laughed and shedded  
tears  
Every corner a treasure of stories to tell  
Of the lives that unfolded inside number 12  
Goodbye house, though it's hard to  
I'm letting go, Oh goodbye home...  
laeeeeeeeeee Ohhhhh do do do  
ohlalalalalal doo doo doo  
laeeeeeeeeee Ohhhhh eh oh lado  
laeeeeeeeeeeeeeeee do do do

CHORUS:

Your walls have sheltered us, over the years  
As we've lived and played and laughed and shedded  
tears  
Every corner a treasure of stories to tell  
Of the lives that unfolded inside number 12

VERSE:

Goodbye house, Goodbye home  
You won't be lonely long  
Soon a brand new family will call you their own  
But our time is done so Goodbye home  
Soon a brand new family will call you their own  
Don't worry bout me, Oh Goodbye home
