It's been a long time since I've seen from the inside out  
And in my mind's eye there's a mountain of mile high  
doubt  
Tell me what's wrong tell me what's going on in your  
head  
It's a long lonely row to hoe this trying to get down to  
your soul  
And yes I'm a mess from the tossing turning losing  
sleep from all the secrets that you keep  
Chasing you in circles just to get inside your head

You're a deep well I'm determined baby I'm hell bent  
On getting closer Lord knows this ain't over yet  
Don't be afraid baby, you gotta say what's in your head  
It's a long lonely row to hoe this trying to get down to  
your soul  
And yes I'm a mess from the tossing turning losing  
sleep from all the secrets that you keep  
Chasing you in circles just to get inside your head  
I just wanna know you break through finally get to

What's in your head  
It's a long lonely row to hoe this trying to get down to  
your soul  
And yes I'm a mess from the tossing turning losing  
sleep from all the secrets that you keep  
Chasing you in circles just to get inside your  
It'll all be worth it when I get inside your  
Baby you just gotta let me get inside your head
