One of these days she's gonna go too far  
Push you right over the edge  
Leave you sitting solo on a Saturday night  
Wondering where she went  
Ooh Ooh Ooh I've been rubbing my hands  
Waiting on my lucky break  
Knowing in my heart it's just a matter of time  
Before she makes her last mistake  
She'll leave you crying, but that's ok  
I'll be ready whenever you say  
Look me up when she lets you down  
Like a bumble bee buzzing around  
In your arms faster than the speed of sound  
Look me up I'll be over when she lets you down  
I pity any fool who tries to get in my way  
When my turn comes around  
Ninety miles an hour through the rat race  
Nothing gonna slow me down  
One track minded that's what I am  
You'll find my number under "I'm your woman"  
You know that you should be with me  
How long you gonna let her run around, run around  
Look me up, I'll be over when she lets you down  
I've been longing to be your darlin'
