I'll wright myself a simple song
let the whole world sing along
and call it a love song for you
you know im liable
to take a song from the bible
and when i do ill just sing
love lifted me
love lifted me
when i was down
in doubt
you know that
love lifted me
everybodys lookin for a way
to say something just like you say
is the best part of me
searching to find trying to find
one of a kind way
to say, say some thing new
and ill just sing
love lifted me
love lifted me
when i was down
in doubt
you know that
love lifted me
love lifted me
ohh yeah yeah yeah
love lifted me
when i was down
in doubt
you know love lifted me
love lifted me
oh yeah yeah
love lifted me
