Love sweet love comes along
Like the first light of morning till the break of dawn
Take my hand darling hold me near
And dance me on the fine line between hope and fear
Loves out to get me
loves out to get me
I can't believe my heart is gonna let me fall again
Loves out to get me
loves out to get me
And I'm running
I'm running
I'm running
I'm running
I'm running as slowly as I can
It's a game of chance a twist of fate
Every time I fell in love it was a fools mistake
That was then baby what can save me now
The moment that we kissed
all the walls came tumbling down
