You got the swing I got the front porch  
I got the bumble you got the bee  
I get the blues you got the rhythm baby  
I got you and you got me

When it's raining you're my umbrella  
When it's sunny I'm your shade  
Just put the two of us together  
We both got it made oh

You got the swing I got the front porch  
I got the bumble you got the bee  
I get the blues you got the rhythm baby  
I got you and you got me

When your sinking I am the lifeboat  
When it's sunny I'm your shade  
I got the get up and you got the go go  
We both got it made oh

You got the swing I got the front porch  
I got the bumble you got the bee  
I get the blues you got the rhythm baby  
I got you and you got me

You got the swing I got the front porch  
I got the bumble you got the bee  
I get the blues you got the rhythm baby  
I got you and you got me

Oh I got you and you got me  
Oh I got you and you got me
