Your home is where my heart is  
That's where it all started  
I hope you never fix our way  
I don't know what I'll do if you have to leave me  
Please believe me, what I'm saying is true  
It's something I have to do is to be with you

And this is for you girl  
You light up my world  
You make it shine, you make it shine  
Like diamonds in your ears  
It's so fine, it's so fine...

Your home is where my heart is  
That's where it all started  
I hope you never fix our way, I'll always be there  
Everyday  
Nothing could stand in my way

Nothing could stand in my way  
Not the winter, not the wind  
Because your home is where my heart is  
Nothing could stand in my way  
Not the winter, not the wind  
Because your home is where my heart is

Your home is, is where my heart is
