

The Perfect Measure "Maybe"

Maybe I'll find you here,
Just maybe,
I'll find you.

Maybe we could fly away,
To our special place,
We wouldn't give it away,
No we wont give it away,

I swear that I wouldn't breathe,
But I promise that I'll believe,

Cause there's a place for you here,
There's a place for you, my dear,
I should have said this from the start,
That there's a place for you here,
In my heart.

Maybe the sight of your face,
Would blow all my tears away,
Just maybe,
It'll blow them away,
But maybe we'll sit and just talk,
About life, about love,
We can fly like a dove if you want,
Away from here,

I swear that I wouldn't breathe,
But I promise that I'll believe,

Cause there's a place for you here,
There's a place for you, my dear,
I should have said this from the start,
But there's a place for you here,
In my heart.

Maybe,
Just maybe,
Just maybe for now,
Just maybe for now.

Take a step back,

Try your best to free,
Maybe it's not ment to be,
And just promise you wont forget me.

Cause there's a place for you here,
There's a place for you, my dear,
I should have said this from the start,
But there's a place for you here,
In my heart (x3)
