I just don't know,  
What I would do without you.

It's like I was blinded to see,  
You're perfect for me.  
And now you have my heart,  
And I just can't believe I'm here.  
Because it's so hard to believe.

Cause I never thought I'd be here.  
And I never thought that this would happen.  
And I never thought I'd be here with you.

A year and a half ago,  
I had my heart ripped in two.  
But what kills me to know,  
Is that you were there all along.  
But things are different now.  
I have you all to myself.  
I just want you to know,  
That you have made me,  
The happiest boy in the world.

Cause I never thought I'd be here  
And I never thought that this would happen  
And I never thought I'd be here with you  
And I never thought you could mean,  
(I can't believe that this is really happening.)  
Absolutely everything to me,  
(I can't believe that this is really happening,  
To me)  
Everything to me.  
To me.

Cause I never thought I'd be here.  
Cause I never thought that this would happen.  
And I never thought I'd be here with you  
And I never knew you could mean,  
Absolutely everything to me,  
Everything to me.

You're my girl.

You're my girl,  
And you always will be.
