Where are you tonight?
I see no reason why
you aren't here with me
and I'm stuck here missin' you
offer's open tonight
for the rest of my life
I wanna be the one who wakes up next to you

I'll just convince myself
that all the other boys who wanna get with you
don't even matter to you
'Cause you're waiting on me
do do do do do do do do do do do do do do do do do do
do
Baby I'm in love with you
do do do do do do do do do do do do do do do do do do do
do
Baby I'm in love with you

Girl I figured it out that you're best
Because tonight we're leaving
And we're never coming back
Do you mind if I'll go
We'll start our new life with
The stars as our blanket
And the sand beneath our toes
As we stare at the sunrise
We'll laugh at all our last relationships
And how we ended up here
I'm sure this came with you
Everytime I sat right outside your house
I realized you don't know I'm alive

I'll just convince myself
That all the other boys who wanna get with you
Don't even matter to you
'Cause you're waiting on me
Do do do do do do do do do do do do do do do do do do do
do
Baby I'm in love with you
Do do do do do do do do do do do do do do do do do do do
do

Baby I'm in love with you

If there was something I could say
To make you to turn and look my way
I'd still be in love with you
Baby I'm in love with you
I wish I could tell you so
I wonder if you'll ever know
'Cause I'm in love with you
Baby I'm in love with you
