Come back here!

We first met
struck down by the ocean
we last talked
the same trick with your clothes off

now baby
I cannot say that I needed it
now baby
the mirror speaks for itself
Alright!

Oh yeah!

At least I can say that I was wrong, baby (X2)
Stop and listen.
Come back here!

We broke cards
the same trick with your clothes on
we last met
sitting there in your bedroom

now baby
I cannot say that I needed it
now baby
the mirror speaks for itself

Oh yeah!

At least I can say that I was wrong, baby
I hope I can shake this broken heart, make me
At least I can say that I was wrong, baby
