Am I alone?
There's no one behind me
Following closely
My own despise
Oh god, every single day I've wasted
In the blink of a moment
It changed my mind
Are you alone?
There's no one behind
Check in the review
Your own despise
Oh god, every single day you've wasted
In the blink of a moment
It changed your life
No problem
Don't force it
My problem
Don't force it
Oh oh
I can't remember who it was
I can't remember who she was
I can't remember who it was
I can't remember who is wasn't
I'll be there on the floor
I can't remember who she was
I can't remember who she wasn't
I'll be there on the floor
