Every now and then when I die deep inside  
I take a little stroll down Apple Blossom Drive  
Just for the slim chance  
You'd be lookin' for a new partner to dance  
I know that you and I  
Will never ever be what I've pictured in my mind  
'Cause you've already got somebody,  
But deep down inside it should have been me  
'N all the ones you tell your troubles to  
They don't really give a darn for you  
All I ever wanted to do  
Was sort them problems out for you

But now  
But now you're here  
This protector's protectin' you my dear

But now  
But now you're here  
Whisperin' sweet nothin's in my ear

Every now and then when I die deep inside  
I take a little stroll down Apple Blossom Drive  
Just for the slim chance  
You'd be lookin' for a new partner to dance  
I know that you will never be  
The one that's dancin' along side of me  
'Cause you've already got somebody,  
But deep down inside it should have been me  
'N all the ones you tell your troubles to  
They don't really give a darn for you  
All I ever wanted to do  
Was sort them problems out for you

But now  
But now you're here  
This protector's protectin' you my dear

But now  
But now you're here  
Whisperin' sweet nothin's in my ear
