You know that theres one thing on my mind,  
But I just don't care,  
Take off underwear,  
Everybodys saying that you're mine,  
But you get around,  
I've seen you in town.

And I just can't get you off my head,  
And I didn't want you there in the first place,  
Should I repeat what I just said?  
No you don't care, no you don't care..

It started with just a little dance,  
But then you took my hand,  
Knew I'd understand,  
I wasn't sure if I should take my chance,  
But then you gave a grin sooo,  
I just gave in.

And I just can't get you off my head,  
And I didn't want you there in the first place,  
Should I repeat what I just said?  
No you don't care, no you don't care..

I know I'll get caught up in your traps,  
Sometime, but I'll be fine,  
I know I'll get caught up in your traps,  
Sometime, but I'll be fine,  
I know I'll get caught up in your traps,  
Sometime, but I'll be fine,  
I know I'll get caught up in your traps,  
Sometime, but I'll be fine.

And I just can't get you off my head,  
And I didn't want you there in the first place,  
Should I repeat what I just said?  
No you don't care, no you don't care..

You tell me you want me,  
Then we both get in to a fight,  
You lay there complaining,  
An I know I won't sleep tonight,

You tell me that you've been here once before,  
You said that I made you walk in to a door
