(Verse)

I don't remember how we got back to your place
How you continue this pace
How you still justify this.

Well, you go your own way,
My eyes are fixed on your shoes,
This graceless way that I move
It's how I justify this.

(Chorus)

I don't want to see you by yourself
So if I come at the wrong time
I won't come back, I won't come back, I won't come.
I don't want to see you by yourself
So if I come at the wrong time
I won't come back, I won't come back, I won't come
back.

(Verse)

It's not the first time
That you have begged me to go,
You pushed me out the window
What more is there I can do?
Well I've got the high ground,
But that doesn't matter to you
What more is there I can do?
When you're gonna lie to my face.

(Chorus)

I don't want to see you by yourself
So if I come at the wrong time
I won't come back, I won't come back, I won't come.
I don't want to see you by yourself
So if I come at the wrong time
I won't come back, I won't come back, I won't come
back.

(Bridge)

All I do is follow you around,
All I do is follow you around.

(Chorus)

I don't want to see you by yourself

So if I come at the wrong time

I won't come back, I won't come back, I won't come.

I don't want to see you by yourself

So if I come at the wrong time

I won't come back, I won't come back, I won't come
back.
