You're trying not to like it,
But I know that you'll enjoy it,
When you gone,
And everyone that looks at us,
Is sure that there is something going on.

You always say you're right,
But I know sometimes that you surely must be wrong,
You're trying not to like it,
But I know that you'll enjoy it,
When you're gone.

Well I just can't let you get your way tonight,
But deep down inside you know I'm always right,
Well I just can't let you get your way tonight,
But deep down inside you know I'm always right.

I told you not to push me,
But you didn't hear a single word I said,
And everytime I look at you,
I'm sure that you would rather see me dead.

Well I just can't let you get your way tonight,
But deep down inside you know I'm always right,
Well I just can't let you get your way tonight,
But deep down inside you know I'm always right.

I...

Well I just can't let you get your way tonight,
But deep down inside you know I'm always right,
Well I just can't let you get your way tonight,
But deep down inside you know I'm always right
