I know when Iâ€™m rollinâ€™
Now the trick is to keep it going
Flowinâ€™, knowing nobody
Not knowing my shit ain't ever stolen
Hopinâ€™ youâ€™re chokinâ€™
â€™nâ€™ youâ€™re trying to say â€™itâ€™s finally brokenâ€™
Lookinâ€™ for me and I swear itâ€™s in conscious motion
All the way down by the pound
The shit you read about
A nice round figure
Anyone can figure out
And everythingâ€™s for nothing if youâ€™re willing to try
Gotta make an even trade
You gotta try to stay high

CHORUS

Cuz everybody is in or sumpin' out
You gotta find out who
You gotta find out who and what it is
I know you feel me right now
Cos everybody is in or sumpin' out
You gotta, you gotta,
You gotta find out who and what it is

And I saved a little time to try to organize
Negotiating, compromise and trying not to advertise
Anyone to stick in and try and get you,
Donâ€™t you get hustled by my slicker
I donâ€™t trust that in associates
I keep appearances below the line of minimum
Lay into â€™em
Get into â€™em
But for only for an interum
Intense for purposes
Immoderation, in evasion
Hope nobody notices
Hopeâ€™...
Nobody cares

CHORUS

What it isâ€™...

You gotta find out...
Âbout who and what it is...
You know me
Well me I gotta find out...

What it is...

I got this honey o' mine
She's bin working for the airlines
Round trip tickets to Paris
On the red eye
Drummers of ma
In the land of heat and sand
But the money wouldn't let...
You know they're driving me...
Well the Lord o' the land
I caught him shootin' up sea rack
Drivin' some fun
Âtil he slipped Â'em in the knapsack (or NASDAQ?)
Everything's for nothing if you're willing to try
Gotta make an even trade
You gotta try and stay high

Cos everybody out...
who is in or sumpin out
Cos everybody is in or sumpin' out
You gotta, you gotta
You gotta find out who and what it is
