And now were hiding in towers
Cracking security codes
Jilted hearts to build jilted lovers
And we are skyscrapers and it's considered
entrapment and it's the deadliest sing
Nobody knows our sorrow
No ones aware of the shit were in
Get down, somebodys coming and were dead if were
found so don't make a sound
This desperation is romance
Our sense or urgencys love
Shifting these sheets til our skins connected and
waking up all alone
I only love you in distance I only need you alone
Under these circumstances every heartbeats criminal
Brace yourself here comes the impact
Its only worth it if it comes hard
Darling trust yourself stick to your guns no one said a
revolution was easy
