Now is there somebody who won't get mad at me like
what's your problem look how you hurt her guess you
don't understand Both of us are cryin now Everyone is
around her Trying to help her after I destroyed all our
hope Was it my fault her fault gotta share the blame
right side wrong side of everything

Chorus: So keep on hidin in the corner lickin all your
wounds don't know what hit us but suddenly we're too
far apart to hear each other and I'm fallin fallin
with no one to catch me anymore (x2)

Well can't tell if I'm really on the right side really on the
right side anymore what did I do What did I do that was
so bad Guess we said a lot of things we really never
should have said If I could take it back I would tryin to
apologize but everyone turns their back on me Herdin'
her away How can the best friends the best friendships
fall apart in seconds torn apart oooh

Chorus (x3)

(So keep hidin in the corner lickin all your wounds)
Don't know what hit us but (So keep hidin in the corner
lickin all your wounds) Suddenly we're too far apart to
hear (So keep hidin in the corner lickin all your wounds)
Hear each other and I'm fallin fallin fallin with no one to
catch me anymore

(So keep on hidin
In the corner
Just licking all your wounds
In the corner)

(At the same time as the chorus two times)
