Birthday Party,
Birthday Party,
Birthday Party,

Gonna have a birthday party,
Everyby's invited
Janie, Jimmie and Artie
Gonna make a night of it
Come on, come along,
Tonight is the night

Gotta whole lot of presents
And a beautiful cake,
Gonna blow out the candles
Then a wish I will make
Help me celebrate, don't be late,
Tonight it's a date

I got the latest records we all know

I know that everything will turn out right
Just walk down my street to the party lights
Come on, come along,
Tonight is the night.

I got the latest records we all know

I know that everything will turn out right
Just walk down my street to the party lights

Gonna have a birthday party, everyby's invited
I can wait 'til we start it, 'cause I'm so excited
Come on, come along, tonight is the night
Happy Birthday to...

Birthday Party,
Birthday Party
Birthday Party
