Look around, that's the sound
It's the sound of everyone else in the world
Callous lips, slight of tongue
Oblivious to everyone else
But the world won't lie
And the world stands by
Yeah the world has eyes tonight
Imbecile, hanger-on
Hanging out with everyone else in the world
Deaf and dumb, anyone
Someone I will hate to know
'Cause the walls have eyes
And the eyes verify
Yeah I am that guy tonight
Another night for the weary
The wasted and dreary
They listen with a nosebleed tonight
Alright
But the world stands by
And the world won't lie
Yeah the world has eyes tonight
But the eyes grow tired
And the crows will nest
Yeah, you're so obvious
When your audience expires... expires
Goodbye
