Let's be lovers  
Let's be lovers  
Let's be lovers  
Let's be lovers

La la la, la la la  
La la la, la la la

Let's be lovers  
Go every place together  
Let's be lovers  
In any kind of weather  
Say you love me  
And I'll be with you all the time

I will never ever leave you baby  
Let's be lovers  
Tell our friends about it  
We are lovers, and there's no doubt about it  
Let's be lovers  
Share every single thing we do

Me and you, we will be together every minute  
In the daytime, they will see us holding hands  
In the nighttime we will go to every dance

Let's be lovers  
Together  
Let's be lovers  
Go on this way forever  
Say your mine, dear  
And I'll be your eternally

You and me, we'll be lovers  
And we'll always be in love  
In the daytime, they will see us holding hands  
In the nighttime we will go to every dance

Let's be lovers  
'Cause we belong together  
Let's be lovers  
Go on this way forever

Say your mine, dear  
And I'll be your eternally

You and me, we'll be lovers  
And we'll always be in love  
Let's be lovers  
Let's be lovers  
Let's be lovers  
Let's be lovers  
Let's be lovers  
Let's be lovers  
Let's be lovers  
Let's be lovers
