[Chorus]

A little wiggle here, a little wiggle there
Here a wiggle, there a wiggle, oh my gosh,
But wait and see, wait and see
Little Miss Stuckup's gonna belong to me

I know a very pretty girl, a pretty girl
I see her every day in the schoolyard
And when she comes my way in the schoolyard
I always say hello

Hello there stuck up, with the nose in the air
Hey stuck up, can't you see that I care
Hey stuck up, all I do is stare at

[Chorus]

She wears the tightest little skirt, the tightest skirt
That ever caught my eye in the schoolyard
And when she passes by in the schoolyard
I always say hello

Hello there stuck up, with the nose in the air
Hey stuck up, can't you see that I care
Hey stuck up, all I do is stare at

[Chorus] x2
