I could cut right inside

Everybody look back all in time
How can you look me in the eyes
I used to believe you and now i'm just empty like you
Everybody get up off those knees
How does it feel to be me
You wake up so empty and now i can blame it on you

Turn away
It's ok i don't mind
I get lost but i'll find you
Run away
It's ok i'll be fine
I could cut right inside but i won't
Maybe next time

Emptiness is all it is
No one really gives a sh*t
If i succumb to all of it it's only in your mind
Emptiness is all it is
None really gives a sh*t
If i succumb to all of it it's only in your mind

Dry those fake tears fill your glass
Maybe this one is the last
I used to love you and now i'm just poisoning you
Scream to anyone none cares
Just like you i was there
And when you reach i will shout so empty

I could right inside but i won't

Turn away
It's ok i don't mind
I get lost but i'll find you
Run away
It's ok i'll be fine
I could cut right inside but i won't

Emptiness is all it is

No one really gives a sh*t
If i succumb to all of it it's only in your mind
Emptiness is all it is
No one really gives a sh*t
If i succumb to all of it it's only in your mind

It's only in your mind
Fall apart and all it is, it's only in your mind
