She said ...  
I can't get him off my mind  
Girl ya gotta give it time  
He left me hanging me on the line  
Baby don't be blind  
When i'm with him it feels right  
Ohhh it feels right  
Girl, girl you gotta give it  
Girl you gotta give it time

You have a reason why he's special  
But does he treat you well  
Is it hard to tell?  
There is an answer to this question  
Put all your love aside and don't keep looking in his  
eyes

Why ya gonna call when you know she's there  
Why ya gonna worry when they go somewhere  
I think he's playing with your mind  
Why ya gonna help him hide the truth  
Who's gonna cry you know it will be you  
You ...

She said

I can't get him off my mind  
Girl ya gotta give it time  
He left me hanging me on the line  
Baby don't be blind  
When i'm with him it feels right  
Ohhh it feels right  
Girl, girl you gotta give it  
Girl you gotta give it time

There is a reason why you miss him  
But was it just his touch  
It couldn't mean that much  
There is an answer to this question  
You need to ask yourself what is enough?

Why ya gonna crawl when he's watching you  
Why ya gonna do what he wants you to do  
Don't be the fool  
The fool  
Why ya gonna call his name again  
Stop him cold and let it all end

My friend she said  
I can't get him off my mind  
Girl ya gotta give it time  
He left me hanging me on the line  
Baby don't be blind  
When i'm with him it feels right  
Ohhh it feels right  
Girl, girl you gotta give it  
Girl you gotta give it time

She said  
I can't get him off my mind  
Girl ya gotta give it time  
He left me hanging me on the line  
Baby don't be blind  
When i'm with him it feels right  
Ohhh it feels right  
Girl, girl you gotta give it  
Girl you gotta give it time

I can't get him off my mind  
Girl ya gotta give it time  
He left me hanging me on the line  
Baby don't be blind  
When i'm with him it feels right  
Ohhh it feels right  
Girl, girl you gotta give it  
Girl you gotta give it time

Gotta give it time  
Gotta give it time  
Gotta give it time
