(theme: P.G.)

Suffocated with wind of my freedom  
I regain my peace

My wounds do not bleed  
Anymore  
My thoughts do not hurt  
Nevermore

My mind - opened, free  
now free again  
My memories cleaned  
cleaned me and killed  
The light now so clear  
the sounds so pure  
Now this is my  
Innocent peace

(solo: P.G.)

I managed to make  
a step away from myself  
No stumbling again,  
no falling in pain  
Suffocated with wind of my freedom  
I regain my peace

My wounds do not bleed  
Anymore  
My thoughts do not hurt  
Nevermore

This is my innocent peace
