One day my life was glorious
I'd end each day victorious
I was living in the light of love
These days that light is shaded
Heart broken, vision faded
Can't stop the clouds from forming
Covering the sun

I wanna go back to the start
To the way it used to be
Back to my first day home
I wanna go back to the start
Where you changed the heart in me
Back to my first day home

Not asking for a throwback
There's no way I'd want to go back
To the person that I used to be
But then again I guess in some ways
I wasn't so concerned in those days
All that really mattered was
That I had been set free

I wanna go back to the start
To the way it used to be
Back to my first day home
I wanna go back to the start
Where you changed the heart in me
Back to my first day home

Before the days of finding ways
To try to make it right
With what I give you
I knew that grace was not a place
Inside my mind
It was you

I wanna go back to the start
To the way it used to be
Back to my first day home
I wanna go back to the start
Where you changed the heart in me

Back to my first day home
