Hear the breeze, in the trees
Hear the birds, softly singing
And the song that they sing
Is our lullabye of love

Hear the rain sweet refrain
Every raindrop is singing
And the song that they sing
Is our lullabye of love.

Forever, and ever
Our love will be true
Forever, and 'ever
I'll always love you

La la la, la la la
La la la, la la la la la
La la la, la la la
La la la, la la la la la

Every beat of my heart
Says "I love you,
I love you, I love you"
And the song in my heart
Is our lullabye of love

Forever, and ever
Our love will be true
Forever, and ever
I'll always love you

Hear the breeze, in the trees
Hear the birds, softly singing
And the song that they sing
Is our lullabye of love

La la la, la la la
La la la, la la la la la
La la la, la la la
La la la, la la la la la
