Mary had a little lamb  
One and one make two  
Candles on a birthday cake  
Blow them out and your wish comes true

Does he love me, does he not  
Tell me daisy do  
Oh to be a child again  
Oaks from acorns grew  
One and one made two  
I believed it all  
Didn't you?

I remember when every day began  
Strawberry jam and laughter  
And every story ended  
With "happily ever after"  
I remember feeling that I'd be safe  
If I didn't step on a crack  
The days when the sun is up ahead  
And the wind is at my back

Does he love me, does he not  
Tell me daisy do  
Oh to be a child again  
Oaks from acorns grew  
One and one made two  
I believed it all  
Didn't you?  
Didn't you?
