this time i won't be telling you why
i won't be coming back around
this time i won't be telling you why
i won't be coming back around

thought i'd give you all the chances all the heart that's
left in me
thought i'd give you what you wanted
but it's not enough
then i wake up undecided
what could you want from me
look around fate found us
then i see you laughing at me

but i feel it inside
it's just a lie
and the whole world is mine
mmm-hmm you take it from me
and the hurt is alive in my life
from the inside - outside in

this time i won't be telling you why
i won't be coming back around
this time i won't be telling you why
i won't be coming back around

thought i'd give you all the freedom
cause baby you need your space
didn't wanna let you go but you've gone and pushed
me away
something's wrong in your mind
get that look off your face
and i begged you to stay?

this time i won't be telling you why
i won't be coming back around
this time i won't be telling you why
i won't be coming back around

when i'm gone it's up to you
put me down and twist the truth
it will all come back to you every time

from the inside - outside in

this time i won't be telling you why
i won't be coming back around
this time i won't be telling you why
i won't be coming back around

this time i won't be telling you why
look around fate found us, look around
i won't be coming back around
this time i won't be telling you why
look around fate found us, look around
i won't be coming back around

this time i won't be telling you why
look around fate found us, look around
i won't be coming back around
this time i won't be telling you why
look around fate found us, look around
i won't be coming back around
