i've gone so far just to be alone with my cold heart
and body of bones
i'm not who you are get off my throne
my name is nothing

tell the truth

if you smother me i will die
if you leave me here i won't cry
if you want the truth i won't lie to you
how could i, why would i want the truth

i get so mad when you wanna know
why i'm so sad
god damn you
i am so glad i outran you
and to all the others out there like you

tell the truth

if you smother me i will die
if you leave me here i won't cry
if you want the truth i won't lie to you
how could i, why would i want the truth

i've gone so far
please leave me alone
i don't know who you are
don't know who you are
i don't wanna know
i am a falling star so just watch me glow
make a wish and never know

tell the truth

why i cannot breathe
tell the truth you failing fail
tell the truth
i cannot breathe
tell the truth you failing fail
tell the truth
i cannot breathe

tell the truth you failing fail
tell the truth

how could i, why would i want the truth
so i die?

if you smother me i will die
if you leave me here i won't cry
if you want the truth i won't lie to you
how could i, why would i want the truth

if you smother me i will die
if you leave me here i won't cry
if you want the truth i won't lie to you
how could i, why would i want the truth

i won't lie to you

so i die ... tell the truth
smother me so i die
leave me so i cry the truth, don't lie
to you, how could i why would i
to you, how could i, why would i
to you , how could i, why would i

if you smother me i will die
i cannot breathe
if you leave me here i won't cry
i cannot breathe
if you want the truth i won't lie to you
i cannot breathe
how could i, why would i
tell the truth
i won't lie to you
to you
to you
to you
