Do you think I started out a few weeks ago of my best friend  
Do you think I was on fire until you got it made it to the end  
He was 95 and I don't care what you said all the time and we will  
And I get a slap and I get someone to get it unsign and I don't care

[Chorus:]

Can you be, can you do?  
Can be rich, can be touched  
I don't care what you said  
Can you sleep, can you watch?  
Can be real, can be glass  
When you were getting it, I can still touch it  
Can it be something like me?

Sometimes I don't get to you because I don't have to get a job  
Let us think you know what is happening out there next to me  
And you got somewhere but you don't have it now, do we?  
When I am in my dad's boat, I keep kissing my girlfriend

[Chorus:]

Can you be, can you do?  
Can be rich, can be touched  
I don't care what you said  
Can you sleep, can you watch?  
Can be real, can be class  
When you were getting it, I can still touch it  
Can it be something like me?

[Guitar solo]

[Chorus:]

Can you be, can you do?  
Can be rich, can you touched  
I don't care what you said

Can you sleep, can you watch?  
Can be real, can be glass  
When you were getting it, I can still touch it  
Can it be something like me?
