Empty me
Like a dustman rids a rubbish bin
Fill me up with glimpses of you
And let the music begin
Oh oh oh
Take me to the altar

Let's make a pact
One we'll never take back
Let me prove that I'm true
Let's make a pact

Alter me
The change could only do me good
Other have tried to and failed
I wish that somebody could
Oh oh oh
Do what no one can do

Let's make a pact
One we'll never take back
Let me prove that I'm true
Let's make a pact

Take me to the world and let me wonder at the view
Set me off in motion and let me dance
After 20 years of doubt and then a week with you
I'm ready baby - follow through!

Cover me in dirt
And leave me to the wind and the rain
If I should ever hurt
The one who made me human again
Oh oh oh
Take me to the altar

Let's make a pact
One we'll never take back
Let me prove that I'm true
Let's make a pact

Let's make a pact
One we'll never take back
Let me prove that I'm true
Let's make a pact
