You believed in me When you had nothing to gain
You stood by me You walked out in the falling rain
To find me Waiting in the shadows behind me
Baby please Please Won't you do it one more time
Do it one more time Do it one more time
Please Won't you do it one more time
You stayed when no one else would
When i was delayed you understood
I've done some low down things
Alright but you said i was good
I couldn't forgive myself
But you could Won't you please
Please Won't you do it one more time
Do it one more time Do it one more time
Please Won't you do it one more time
I know i've made you promises
Then i forget I've let you down
darling I'm forever in your debt
In my darkest hour i've Turned you out
But when the mood has passed
You came back in spite of me
Saying "this love, this love was meant to last"
Oh baby Won't you please
Won't you do it one more time
Do it one more time with feeling
Oh baby Please Won't you do it one more time
One more time Please Won't you do it one more time
With feeling
