I'm as solid as a rock Throw me at the powers that be
I'm as solid as a rock Throw me at the powers that be
I'm as user friendly as a lead-filled glove Rebel rock
me Hey! I've got money in the bank Come with me and
you can have it for free I've got money earning interest
in the bank Come with me and you can have it for free
I've got assets big as holes up in the sky Rebel rock me
Hey! I'm as heavy as a crowd in east l.a. Fling me at the
oppressor and flee I'm as heavy as a crowd in east l.a.
Fling me at the oppressor and flee I'm a seething
burning moving mass of love Rebel rock me Hey!
